

## The Cyclonic Difference

VACUFLO® features Cyclonic Filtration Technology® (CFT™), a unique dual filtration process that utilizes cyclonic separation for primary filtration and either an outdoor exhaust (True Cyclonic® units) or pleated filter (Filtered Cyclonic™ units) for secondary filtration.

Unlike central vacuum systems that rely on permanent cloth filters, the powerful performance of VACUFLO will not decrease as dirt accumulates.

If you're serious about eliminating dirt and allergens from your home, there's only one choice: VACUFLO.

## healthy choices for a healthier home

Model	Recommended Home Size [sq. feet]	Sealed Vacuum [H2O lift]	CFM Max	Max Air Watts*	Volts	Max/Avg Amps**	Collection Capacity [gallons]	Level of Quietness [decibels]***

SOME THINGS YOU DO FOR YOUR

*family*

\* ASTM recognizes air watts as air power and is defined as "above the floor cleaning potential."

\*\*Maximum amps refer to the potential amount of current if the power unit is running in a stand-alone situation (no tubing or accessories attached). Average amps refer to the actual amount of current used when the power unit is in typical operation (installed, with accessories attached).

\*\*\*ASTM draft F11.50.07 test method was used to determine dBA ratings. Sound levels were measured at 6' from the power unit. All power units were exhausted outdoors.

Clean Starts Here™

CLEAN AIR  
*clean home*

LIKE KEEPING YOUR HOME  
*clean, quiet & healthy*

Most of us take the quality of the air inside our homes for granted. We assume it's safe, clean and breathable. But the fact is, indoor air can be more polluted than outdoor air. And with most of us spending 90% of our time indoors, poor indoor air quality can affect health, safety and comfort, especially in children and the elderly. So what is the best way to ensure a clean living environment?

For the health-conscious consumer, a VACUFLO® Central Vacuum is the answer. Using the power of Cyclonic Filtration Technology® (CFT™), VACUFLO removes 100% of vacuumed dirt and dust from the living area, improving indoor air quality and reducing allergens in the process.

And VACUFLO is the green choice as well. While portables are often discarded after only a few years, your VACUFLO will provide worry-free cleaning for decades. Our Warranty ensures it. For a cleaner, healthier, greener home, think VACUFLO.

**Full-Service Warranty**

VACUFLO's Limited Lifetime Warranty covers all permanently installed components of your whole-house cleaning system for as long as you live in your home. The labor warranty offers additional protection, covering the cost of service calls made by your local VACUFLO Service Professional. True Cyclonic® +3 labor warranty covers service for the first three years of ownership, while the +1 Filtered Cyclonic™ warranty covers labor for the first year.

***Our unmatched warranty is our commitment to you—our promise to deliver a whole-house cleaning system designed to deliver reliable performance year after year.***

Hide-A-Hose Hose Management System

**The Right Central Vacuum System for All Your Cleaning Needs**

VACUFLO True Cyclonic® and Filtered Cyclonic™ units deliver powerful sustained cleaning performance, no matter what size home. Exclusive Cyclonic Filtration Technology (CFT) ensures you get maximum vacuum performance every time you turn on the system.

Both True Cyclonic (left) and Filtered Cyclonic (right) power units provide maximum power and whole-house cleaning convenience.

PUT IT ALL TOGETHER FOR  
*whole-house cleaning convenience*

**Cleaning Accessories & Kits for All Jobs**

Depending on your preference, your VACUFLO® is available with either a turbine or electric powerhead. Our unique turbine-powered carpet brushes, original TurboCat® and TurboCat Zoom, run off the airflow of the system to deliver reliable, deep-cleaning vacuum performance without additional electricity. The Edge Electric Powerhead provides quick connections for wands and electrical cords, manual carpet height adjustment and easy maneuverability.

Convenient kits offer all the tools you need for every cleaning job! From floor to ceiling, garage to family room, VACUFLO powerheads and accessories provide convenient and powerful performance on hard-surface flooring, rugs, walls, window treatments, upholstery and more.

RugRat® Dusting Brush VacPan™

**Hose Management Offers the Ultimate Convenience**

Take central vacuum cleaning to the next level with our revolutionary Hose Management Solutions.

**Hide-A-Hose** stores up to 50' of hose in the wall for effortless whole-house cleaning. Simply pull out the length you need, connect a cleaning tool and go. Once you're finished, the power of the central vacuum will retract the hose back into the wall and out of sight.

**Vroom** is a quick-clean accessory that installs into standard cabinets and turns on automatically when you lift the hose handle. Ideal for kitchens and bathrooms, Vroom reaches up to 24' to clean dry messes off counters, floors, drawers and appliances. The hose retracts back automatically when finished.

**Spot** is a built-in quick-clean accessory that reaches up to 10' for everyday messes like the dryer lint screen or pet area. To clean, you simply access the hose from the valve, flip the switch and clean the mess. The power of your VACUFLO retracts the hose back into the wall when finished.
